

HAZEL HILL TRUST

Mission:

To make Hazel Hill Wood a thriving ecosystem where people go to heal and learn through deeper connection with the living world. To build: a place for connection, the practice of connection and partnerships in connection.

What they do:

Hazel Hill is 70 acres of private, ancient woodland, lovingly managed by a small team from Hazel Hill Trust as a Conservation, Education and Retreat Centre. The aim of the charity is to encourage wellbeing and resilience through connections in nature. The trust hosts a range of activities and events at the wood, and offers the wood and off grid accommodation to other charities, organisations and businesses to run activities and events in line with its charitable aims.
